

## **RSPCA/UFAW 23<sup>nd</sup> Rodent and Rabbit Welfare Group meeting 2016**

The RSPCA/UFAW Rodent and Rabbit Welfare Group brings together people from a range of backgrounds with a common interest in the behaviour and welfare of laboratory rodents and rabbits.

The Group's 23<sup>rd</sup> annual meeting will be held on Tuesday 1 November 2016 in Edinburgh.

There will be presentations and posters on refining husbandry and procedures and the biology of rodents and rabbits, and we still have a space in the agenda if you would like to offer a presentation on any aspect of the Three Rs relating to rabbits or rodents.

The registration cost for the meeting is £80, which covers lunch and refreshments. We have applied for 4 IAT CPD points and have been awarded 5 LASA CPD points for the meeting. If you would like to register, please contact the RSPCA at the address below or use the following link: <https://goo.gl/forms/fYUrE8Wi4Ds4po0v2>
